O MOOVES PHYLOSOPHY

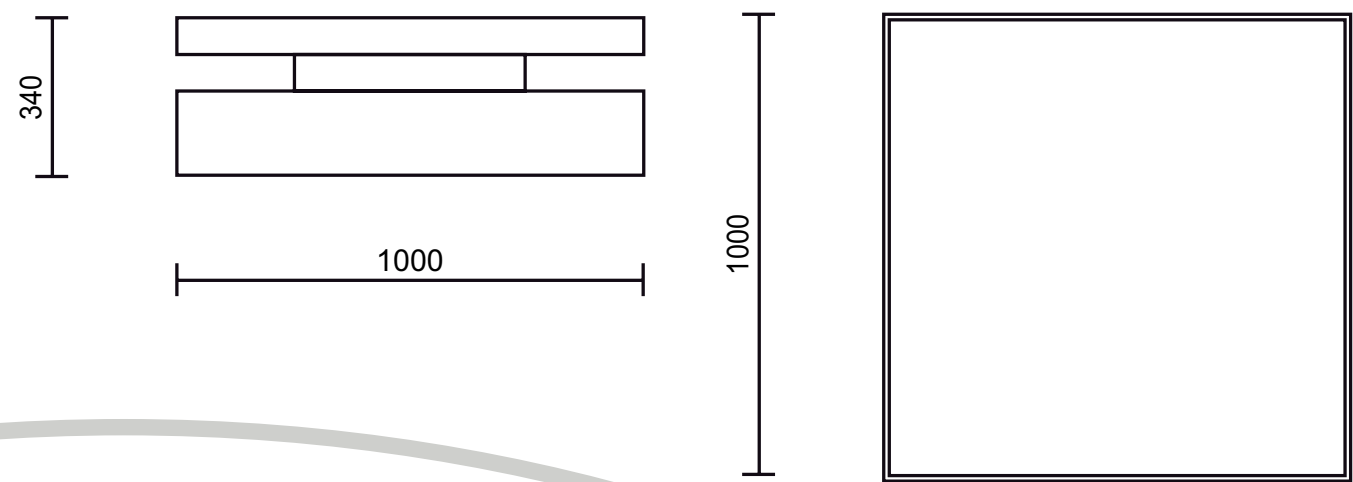

O Mooves is the premier label of interior designer and stylist, Olga Wintermans. Fascinated by nature and beauty, Olga combines the most precious organic materials and shapes with a modern, chic edge.

The furniture is fabricated in small ateliers crafting pieces that are all unique, wich makes it possible to choose sizes, colours and materials your own.

The collections of stones Olga works with are fundamental to her designs. Every stone has a specific energy that mounts with an individual perception.

OLGA WINTERMANS

Olga Wintermans worked as a stylist for various, outstanding interior designers around the world. In 1998, she started her own agency and has been designing and decorating stores, restaurants and private residences ever since. She has a passion for nature and with the launch of O Mooves, she finally uses the energy that coincides within nature in her designs, without shifting away from the pristine style she is known for. Her designs and interiors are therefore timeless yet exciting, elegant and chic.
